ADVENTURE GAMEBOOK 3

SONIC™ THE HEDGEHOG

YO! WATCH OUT FOR SUPER
POWER RINGS SCATTERED
THROUGHOUT THE BOOK. YOU WON'T
BE ABLE TO BEAT ROBOTNIK
WITHOUT THEM!

Ladybird

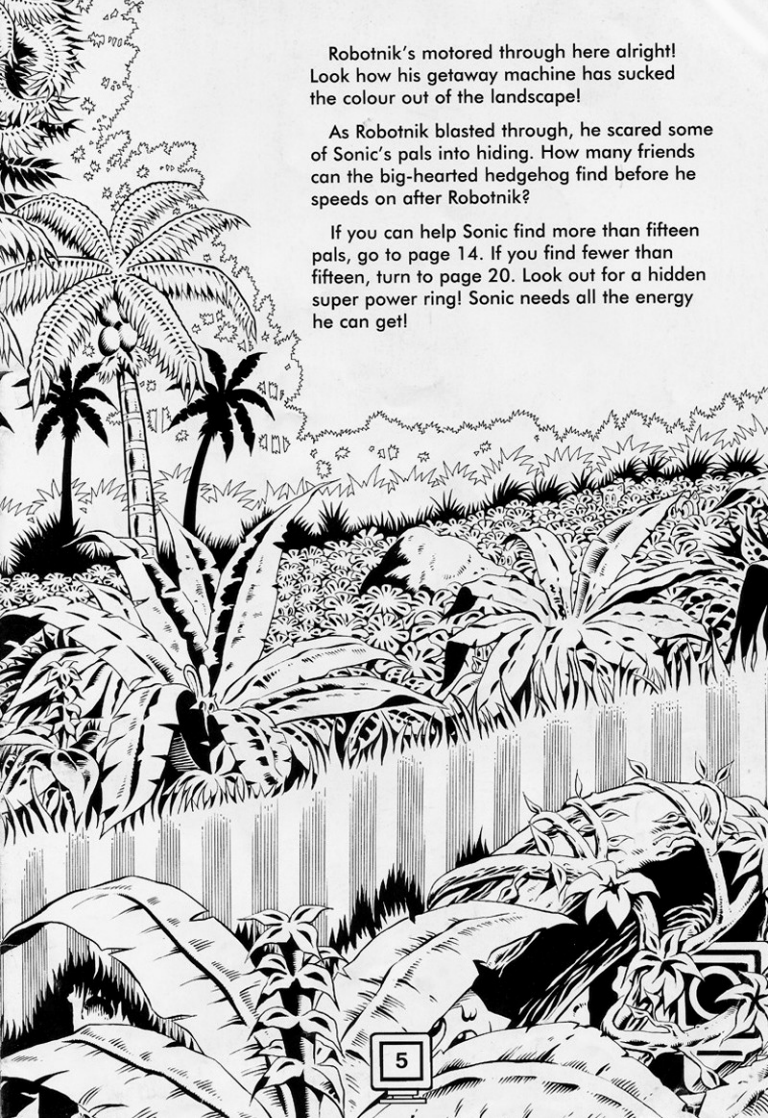

Welcome to The Floating Island. The evil Dr Robotnik has built a fiendish machine from lots of vehicles to help him outwit Sonic and Tails.

Robotnik's machine is powered by colour itself! If Sonic and Tails don't stop him soon, the entire island will be left as a monochrome, no-go zone! How many different machines' remains are left behind?

If you find four remains, turn to page 10.
If you find fewer, turn to page 6.

Robotnik's motored through here alright!
Look how his getaway machine has sucked
the colour out of the landscape!

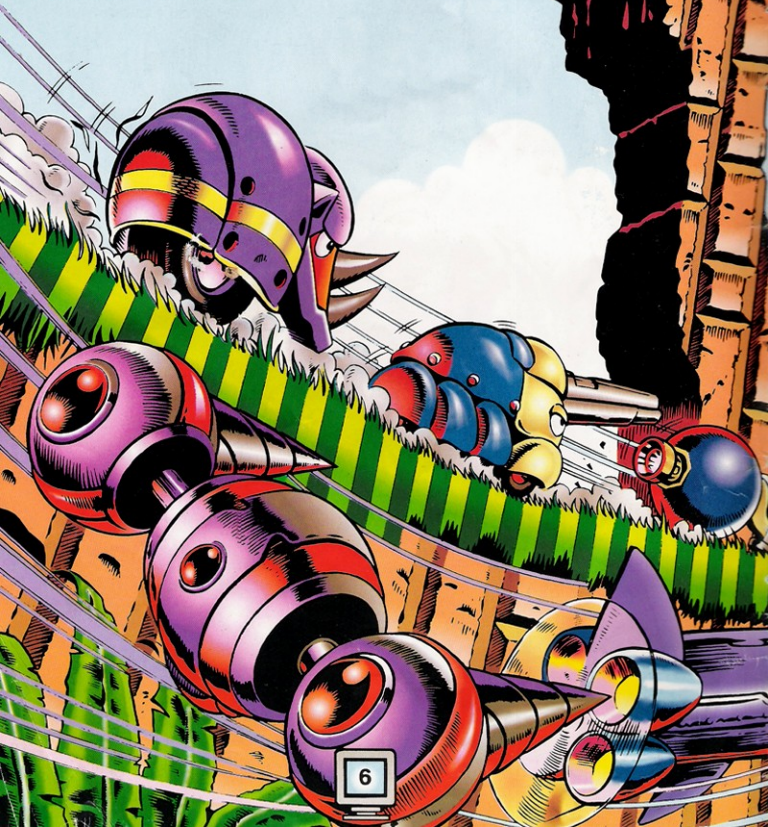

As Robotnik blasted through, he scared some
of Sonic's pals into hiding. How many friends
can the big-hearted hedgehog find before he
speeds on after Robotnik?

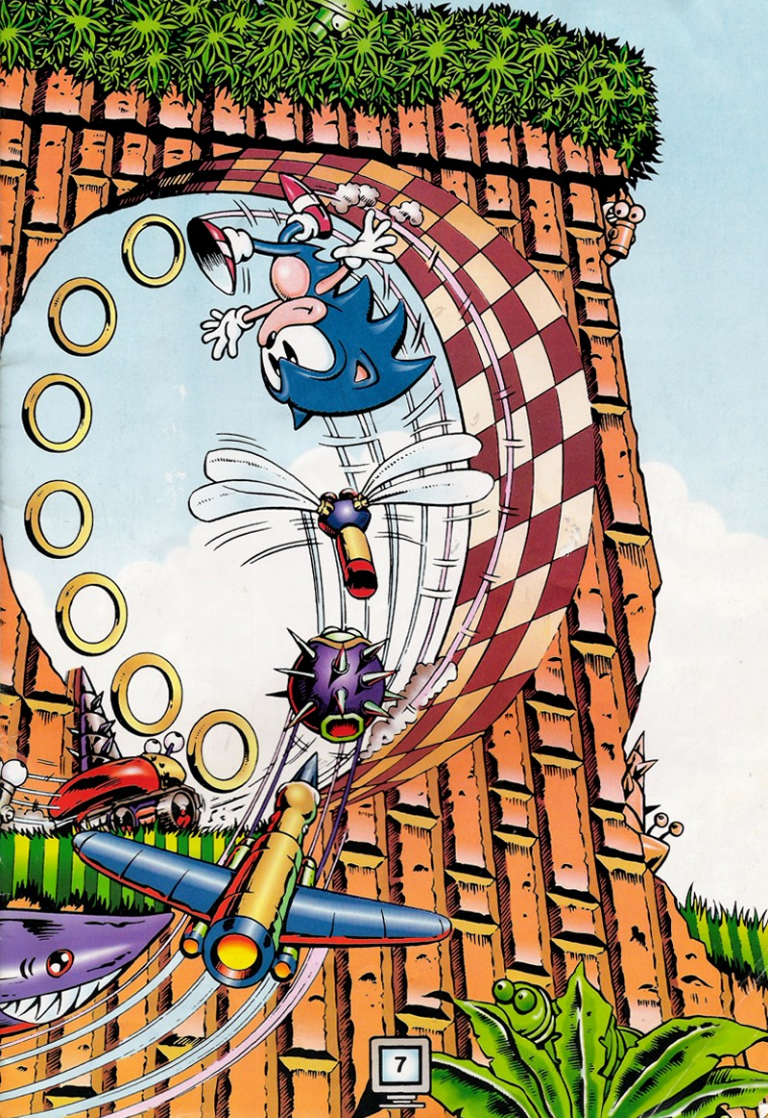

If you can help Sonic find more than fifteen
pals, go to page 14. If you find fewer than
fifteen, turn to page 20. Look out for a hidden
super power ring! Sonic needs all the energy
he can get!

Badnik bad news in the Angel Island Zone! Only some high-speed, high-tailing will get Sonic out of trouble. But he needs to grab those gold rings too.

The blue bombshell's got half the rings from the loop so far—how many did the loop have in the first place?

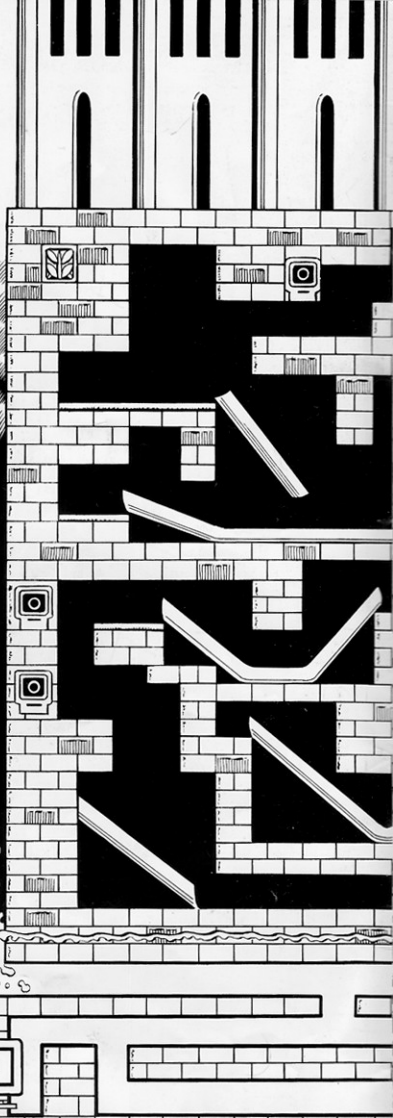

If you think there were more rings to grab than Badniks to dodge, go to page 18. If you think there were fewer, check out page 4. Watch out for the hidden Badniks!

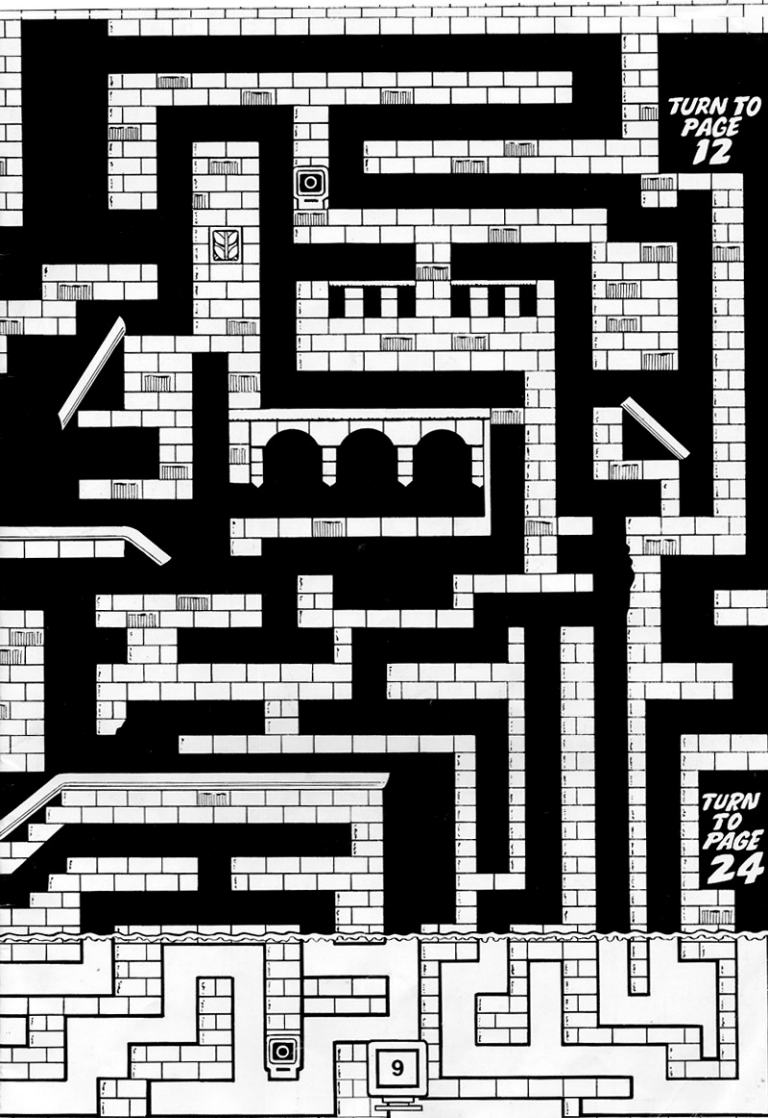

Down the tubes in Hydro City Zone!
It's an amazing maze! Sonic and Tails
need to find a way out fast if they're
going to stop Robotnik colour-zapping
any more parts of the island!

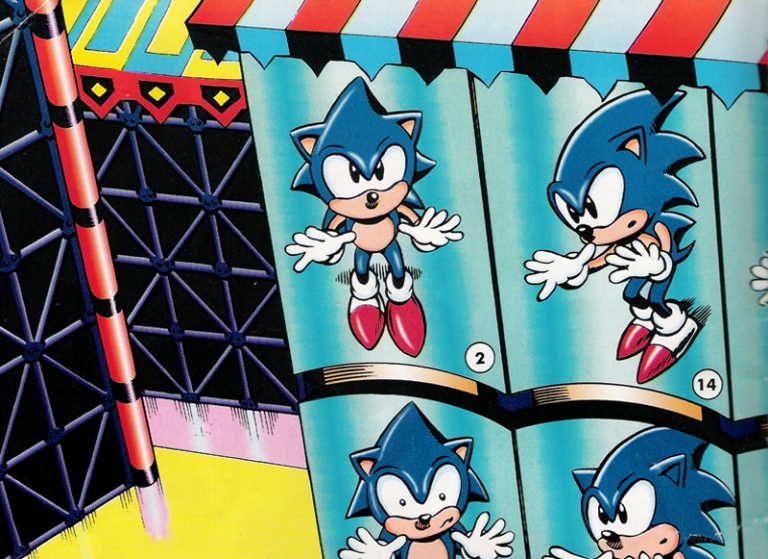

Help the heroes go totally tubular
and find their way to one of the exits.
Hunt for those power-packing super rings
around the maze—you'll need them later!

Wow! Double trouble, hedgehog-style! Sonic wants to look his true-blue best for his clash with Robotnik – but which is the true reflection of our spiky hero?

Once you find Sonic's exact double, turn to the page number shown.
